Memorandum of Understanding

Monitoring & Investigations on lightning phenomena and its associated processes using lightning detection systems (LDS) at Collaborating Institutes

This Memorandum of Understanding (hereinafter called the "MoU") is made on the 12 day of August, 2021, between the National Remote Sensing Centre (NRSC), Indian Space Research Organization (ISRO), Department of Space, Government of India (hereinafter called the 'NRSC') as the 1st party and Department of Physics, Government Vidarbha Institute of Science and Humanities, Amravati (hereinafter called the 'GVISH').

NOW THEREFORE, the parties hereto hereby agree as follows:

1 Preamble

(i) National Remote Sensing Centre (NRSC)

National Remote Sensing Centre (NRSC) is one of the primary centers of Indian Space Research Organization (ISRO), Department of Space (DOS), Govt. of India. NRSC has the mandate for establishment of ground stations for receiving satellite data, generation of data products, dissemination to the users, development of techniques for remote sensing applications including disaster management support, geospatial services for good governance and capacity building for professionals, faculty and students.

(ii) Introduction : (Second Party) - Department of Physics, Government Vidarbha Institute of Science and Humanities, Amravati

Historically significant place Amravati has been bestowed with natural beauty. The soil of this land has been consecrated by the work of venerated Sant Gadge Baba and Sant Tukadoji Maharaj. On such land the Government Vidarbha Institute of Science and Humanities was established in 1923 and it opened the door to education for the people of Vidarbha. Since then it has been a premier education hub. The magnificent structure in gothic architectural beauty on the vast campus of 167 acres was completed and inaugurated on 14th July, 1923 at the hands of Sir-Franklin Sly. It was Christened "King Edward Memorial College"

In the beginning there were only 30 students and 16 lecturers. Today the institution has grown into a huge tree. The institution has been an epitome of pride and success. It is a proud possession of the Vidarbha. The Government of Maharashtra in 2001 elevated this college to the status of an institution with present name "Government Vidarbha Institute of Science and Humanities". The institution has contributed to a great extent to enhance the quality of education. It has been constantly imparting quality education to the students.

MOU between NRSC and GVISH, Amravati

Today the institution functions with more than 150 teaching faculties and 22 graduates, 16 post graduates with research facility in 29 subjects. The institution has very rich library with more than 2 lakh books. The institution has symbolic existence of an ancient 'Gurukul' with all the amenities like two hostels for boys and two hostels for girls, post office, Gymkhana and auditorium which can accommodate more than one thousand people.

The ministry of Science and technology of Indian government recognized the progress of department of Statistics, Zoology and Botany and sanctioned the special grants for further development. Under the aegis of the UGC and ISRC Seminars, National and International Conferences are held at the Institution.

An Emblem of Cultural heritage in the Vidarbha, the institution even after 97 years of fruitful existence, looks forward to attend greater academic excellence. Let us become the part of this stellar academic ambience.

(i) Reference to Earlier MOU, if any -----

(ii) Purpose/Need for MOU

To expand LDS network with the active support from GVISH, Amravati in terms of installations of LDS system at, collection of data, maintenance of the LDS system, dissemination of the data to NRSC and utilization of the lightning data for scientific use.

1. Preamble

It is the need of the hour to work in collaborations to achieve and maintain the Education and Research standards in any institute. The individual academicians from G.V.I.S.H. and SRSACSC should join their hands in academics and research. This would help to increase the academic standards and students quality. This also helps in tackling particularly the local problems and work together for the sustainable development of the area.

ABOUT DEPARTMENTS

DEPARTMENT OF CHEMISTRY

GOVERNMENT VIDARBHA INSTITUTE OF SCIENCE AND HUMANITIES, AMRAVATI

Established in 1928, the Department of Chemistry at G.V.I.S.H., Amravati has marked its presence in Academia within India and abroad. Chemistry Department aims to support fundamental science of the highest quality in a first class physical environment. Our enthusiastic research culture embraces new challenging areas, including strong collaborations with other academic disciplines, while maintaining a powerful presence in the traditional core areas of chemistry.

The Chemistry Department hosts around 11 doctoral research staff, over 80 postgraduate students, 400 undergraduate students and 11 qualified academic staff, including newly independent researchers. The department, right from its inception has given high priority for research. The faculty is actively engaged in cutting edge research in the frontier areas of Inorganic, organic, physical, etc chemistry. Every year around 100 research papers are published in International Journals and during last three years many staff members presented their papers in International Conferences Abroad.

The Chemistry Department aims to recruit the highest quality undergraduate and graduate students, postdoctoral research associates academic staff. Till date, the department has received 14 sponsored research projects from various national agencies with funding amounting to Rs.20 lakh., A chemical society is constituted for overall personality development of U.G. and P.G. students and undertake extracurricular activities and Academic Activities.

The Department is focused in both teaching and high quality research (basic and multidisciplinary) in the frontier areas of chemistry and its interface with allied disciplines. The department is well equipped with state of the art research facility, library resources (e-journals) and had established collaborations with various national laboratories. Currently there are 50 research scholars (full time) working in the department.

The Department is offering B.Sc. and M.Sc. degree in Physical Chemistry, Organic Chemistry, Inorganic Chemistry and higher degree program i.e. the Doctoral program (Ph.D. program). The admission to Ph.D. program is announced twice a year. Institute fellowship is also offered to deserving candidates.

DEPARTMENT OF CHEMISTRY
SMT. RADHABAI SARDA COLLEGE OF ARTS, COMMERCE AND SCIENCE,
ANJANGAON SURJI DIST-AMRAVATI

The Department of chemistry was established in 2006. At present, it has four enthusiastic faculties. All the four faculty members are PhD holder, out of which two are Supervisors. The college offers following courses in chemistry H.S.C. and B.Sc. The department has well equipped laboratory containing all the necessary apparatus, instruments and chemical that completely satisfy the requirement of experiment. Faculty member guide and encourage the students to participate in science exhibition, Avishkar competition, seminar competition, chemi-quiz competition, and study tours. The department has made a significant impact in various areas of research and teaching and continues to strive for excellence. The major areas of research are the synthesis of advanced functional nanomaterials for energy and environment, heterocyclic compounds, drugs discovery, water analysis and phytochemical analysis of plant drug. It has a rich research output with many books, research papers and audio-visual learning aids. Many students of the department pass out with good grades and distinctions every year. The faculty members of the department have been actively participating in National/ International seminar, Conference, workshop and Symposia. The research paper have been published in National, International peer reviewed journal.

2. Collaboration

GVISH and SRSACSC have mutually agreed to collaboration with each other in

Following areas.

- Training, learning and evaluation are important areas of Science with special emphasis on research.
- Students training programs,
- Certificate/ diploma course in chemistry
- Student progression
- Joint field work, students training programs etc.
- Students coaching for project
- Students skill orientated training
- Any other areas of mutual interest.

The available facilities and manpower of GVISH and SRSACSC will be utilized with mutual consent and subject to the feasibility. Both parties agreed to enter into a collaborative understanding on the terms and enumerated in this MoU.

3. Terms of collaboration

- a) G.V.I.S.H. and SRSACSC agreed to enter into detailed agreements on case-to-case basis, with a defined objective, specifying the scope of work and mutual obligation, terms and conditions, financial arrangements, Intellectual property rights and similar contractual obligations.
- b) GVISH and SRSACSC agrees to obtain prior permission from to state in any coaching programme that would be carried out by using the GVISH and SRSACSC infrastructural facilities.
- c) In case either party wins a consultancy project by projecting this MoU a liability is created immediately in respect of royalty / premium due to either party. Either party shall concur with the liability to the extent of contribution to the output of the project. Both the parties will arrive at the exact amount of liability after mutual consent.

4. Disclaimer

This MoU is not intended by GVISH and SRSACSC to constitute, create, give effect to, or otherwise recognize a joint venture, agency, partnership, or formal business organization of any kind. Each party here to shall act as an independent entity and neither shall act as an

agent of either organization for other purposes. Neither party has the authority to bind the other party.

5. Non-exclusivity

The agreement reflected by the provision of MoU is non-exclusive in nature and both the parties can enter into co-operative arrangements with other parties to suit their organizational needs.

6. Confidentiality

The parties understand that in the association, they shall have access to confidential information provided by the other party. Accordingly, the parties agree that such information which is by its nature, not confidential or which is in the public domain or which the party comes to know about other than through violation of any law of legal obligation, provided that such party may be entitled to disclose such information if legally required to be disclosed to a competent authority. Failure to maintain confidentiality shall entitle the affected party to terminate the MoU.

7. The MoU would remain valid for a period of Five years from the date it is signed by the parties and is renewable on mutual consent for such further period as agreed upon.

8. Terms and Review

The MoU shall be reviewed at the end of one year from the date of signing of this MoU. Either party can terminate the MoU after giving one month's notice to the other party subject to fulfillment of commitments already agreed upon.

9. Amendments

This MoU constitutes the entire understanding between the parties hereto. Except as otherwise provided herein, no addition, amendment to or modification of this MoU shall be effected unless it is in writing and signed by and on behalf of both parties by their respective authorized signatories.

10. Any dispute
