Head of Department, Home Science

Organizing secretary

Apurva M. Raut
(Visiting Faculty, H/Sci)

IQAC Coordinator

Dr. Mangesh Shelke

Academic Coordinator

Dr. Durgesh Borse

About the Institute

Government Vidarbha Institute of Science and Humanities (Autonomous), Amravati, established in 1923, is one of the oldest and reputed higher education institutions in the Vidarbha region of Maharashtra. The Institute is committed to quality education, research and holistic student development. It offers education from Higher Secondary to Ph.D. level, with 21 undergraduate subjects, 19 postgraduate subjects and Ph.D. research in 20 subjects. The Institute is accredited with 'A' Grade by NAAC with a CGPA of 3.51 and has a 168-acre campus with well-developed academic, research, sports and student-support facilities. With a rich legacy of more than a century, the Institute continues to serve as a centre of knowledge, excellence and innovation.

About the Department

Department of Home Science, Government Vidarbha Institute of Science & Humanities (Autonomous), Amravati
Established in 1965, the Department of Home Science has a long-standing tradition of education, research, skill development and extension activities. The department offers education in Home Science with a strong focus on Textile & Clothing. Its postgraduate specialization in Textile & Clothing was introduced in 1983. The department provides students with theoretical and practical knowledge in textile science, clothing construction, fashion and apparel design, dyeing and printing, embroidery, textile testing, sustainable textiles, fashion communication, marketing and research. With laboratory facilities, a textile museum, skill-development programmers and industry collaborations, the department promotes creativity, entrepreneurship, research and professional development in the textile and apparel sector.

About the Conference

The conference aims to provide an interdisciplinary platform for academicians, researchers, students and industry professionals to share research, knowledge and innovative practices in Home Science, Textile & Clothing, sustainable textiles, traditional textile heritage, fashion and emerging textile technologies. It will encourage meaningful discussions on recent developments, innovations and challenges in the textile and clothing sector. The conference will also highlight the importance of preserving traditional Indian textiles, crafts and cultural heritage while integrating them with contemporary design and technology. Special emphasis will be given to sustainable practices, natural materials, eco-friendly processes, circular textiles and responsible fashion. The conference will facilitate collaboration, knowledge exchange and networking among participants from academic institutions, research organizations and industries. It will further encourage young researchers and students to present their innovative ideas and research findings and contribute to the future development of Home Science, Textile and Clothing.
